

Car Show Information

Given that such commercial endeavors are not in keeping with the intended educational mission and overall objectives of MTSU Parking and Transportation Services to provide consistent, safe, attractive and sufficient parking facilities for faculty, staff and students, no auto shows will be hosted in main-campus University Parking Lots.

The Miller Coliseum is open to hosting car shows as dates are available. However, since parking lots cannot be rented separately from facilities, the standard daily rate for a non-equestrian event would apply, along with POI and all other applicable direct costs.

Due to Environmental Health and Safety Guidelines car smashing and car wash events are prohibited on all University properties.
